THE BAAL-GRILL® STANDARD

We love the outdoors and the coziness it brings to gather around the fire. Therefore, our materials can cope with the weather. And as nature embellished over the years, so do Baal-grill® – patina gives it character. Functionality is also in focus – cooking should be easy and straightforward.

DELICATE AND FUNCTIONAL DESIGN

Press the handle to lift or lower the grid and let go when you have found the right persision.

EASY TO HANDLE

just place the arm in the ear and fasten the screw.

DANISH DESIGN

Fine Danish design you can be pleased having standing in the Garden or in the Court Yard.

GOOD DETAILS

There is a lot of smart and simple details, which makes it a pleasure to cook the Food in the open.

STAINLESS PARTS

Grids, arms and the most accessory parts are manufactured in Stainless Steel.

SOLID AND LONG LASTING

They are designed in heavy steel material. The Lifetime is between 10 to 20 Year.

EASY MAINTENANCE
