

PLATINUM

SMART-HEAT™ ELECTRIC

The perfect synergy of modern design and outstanding heating performance

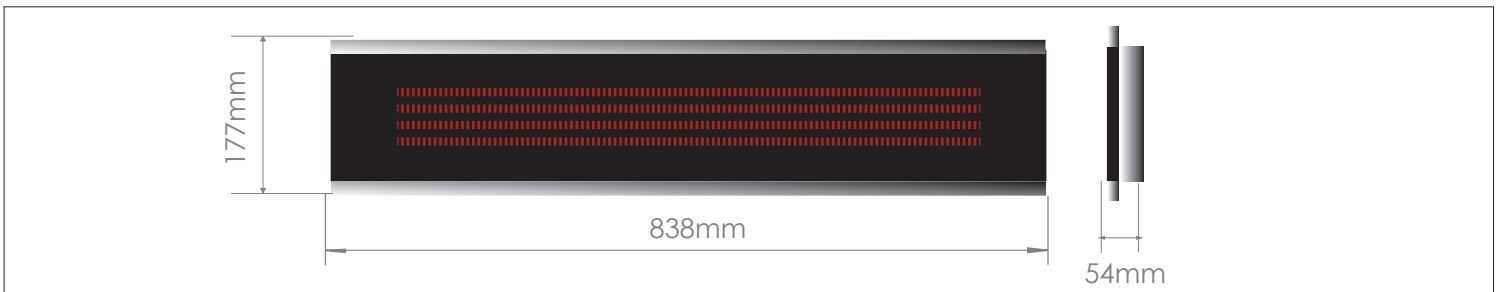

Strong, efficient infrared heat combined with an ultra-thin and stylish design - the new Platinum Smart-Heat® Electric complements the atmosphere of any home or commercial environment.

New and innovative radiant outdoor heating technology has been developed by Bromic resulting in an electric heater that boasts optimal heat output in a high end, minimalist frame.

FEATURES:

- Efficient & Powerful Infrared Heating Technology
- High Quality Stainless Steel Construction
- Minimal Light Emission
- Heat Zones – one or more heaters can be switched on and off simultaneously from a single remote-located switch
- Can be integrated into smart control systems
- IPX5 water protection rating
- Suitable for outdoor and indoor heating applications – both commercial and residential
- Standard Mounting bracket included with heater.
- Optional Mounting Accessories:
 - Ceiling Recess (flush)
